

Ex-President Roosevelt is still engaged with characteristic energy in elevating the plane of public discussion. His latest contributions to refined language are: "Damn the mollicoddles" and "To Hell with the hyphen." These emanations during his calmer moments give us some idea of the explosive power of his vocabulary if he were to become excited.—Commoner.

Reckon the days in which you have not been angry. I used to be angry every day; now every other day; then every third or fourth day; and if you miss it so long as thirty days, offer a sacrifice of thanksgiving to God.—Epictetus.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
